The 2003 Korean cult classic Oldboy stars Josh Brolin as Joe Doucett, an advertising executive who is kidnapped and imprisoned for 20 years without explanation. He's released into the world with only two hours to find his captor. Directed by Spike Lee and based on a manga by Garon Tsuchiya. Here is my list of the top 37 best websites to learn something new (I'm sure there are many more but these are what popped up first). All links are in reference to website, blog or app name.
